

The Dutch Accreditation System: Expectations and Results

Mark Frederiks

The Netherlands Flanders

Accreditations	X	X
Accreditation of new degree courses	X	X
Extended course duration	X	
Research Master's degrees	X	
Assessment of assessing agencies	X	X

The assessment framework for accreditations consists of six topics:

1. aims and objectives and domain-specificity of the courses;
2. programme content (coherence, intake, duration, examinations etc.);
3. staff: quality and quantity
4. provisions: facilities and student support and guidance
5. quality assurance: systematics, measures for improvement
6. results: qualification level and learning outcome
